

LEGISLATORS BETRAYED TRUST OF CAPITAL SOCIETY

Hollis Testifies Boston Lawyers Regard Nominees As "Not Entirely Trustworthy."

(Continued from Page Seven.)
could not do so, and asked to be excused from appearing before the committee.
Senator Chilton, chairman of the subcommittee, was absent today, and Senator Fletcher, acting in his place, announced that consideration of the question of summoning Mr. Hollis would be held over for consideration by the full committee.

Worked On Both Sides.

Mr. Bailey's testimony related mostly to the connection of Mr. Brandeis with the conduct of the \$2,000,000 estate of S. D. Warren, of Boston, which had been left to his widow and children.

"The Warren case," said Mr. Bailey, "Brandeis had his firm working on both sides."

Mr. Bailey prefaced his remarks by stating that he and Mr. Brandeis had been students together at Harvard. He said since then they had been on opposite sides of several cases, but were not personally friendly.

S. D. Warren, Jr., Mr. Bailey said, one of the beneficiaries of his father's will, was a law partner of Mr. Brandeis. Upon the death of Mr. Warren, his property, consisting of a paper mill in Warren, Mass., and a third agency in Boston, was conveyed to three trustees, S. D. Warren, Jr., was one of these trustees. Mr. Bailey said, another, and a Mr. Mason, a third.

Allege Improper Transaction.

This transaction, Mr. Bailey said, was undisputed and was a matter of legal record. He charged that Mr. Brandeis failed to show a copy of the lease to Edward Warren, one of the beneficiaries under the will, and that he unduly favored S. D. Warren, Jr., who, as a trustee, received from \$100,000 to \$200,000 yearly as compensation for his services.

After nineteen years, Mr. Bailey said, the profits of S. D. Warren, Jr., as trustee, had amounted to about \$1,000,000. He said that during litigation between S. D. Warren, Jr., and Mr. Brandeis, the latter was twice as much as they could fairly charge for his services.

Mr. Bailey said that Mr. Brandeis was largely instrumental in making this plan, and wrote letters and sent them to the beneficiaries saying the plan was fair. He charged that Mr. Brandeis, to the personal interest of S. D. Warren, Jr., than to that of all the beneficiaries.

The witness claimed that the lease was not fair because Brandeis and S. D. Warren, Jr., knew from existing conditions that Mr. Brandeis was a son would get at least \$100,000 a year in profits from running the concern.

Questioned By Walsh.

"Did the mother need any more money than she was getting?" asked Senator Walsh.

"No, the old lady had more money than she wanted."

"Was your client, Edward Warren, suspicious of Mr. Brandeis during that time?" persisted Senator Walsh.

"No, I believe he employed Mr. Brandeis to make his will."

"Isn't it a fact that the arrangements were known to all parties?" inquired Senator Walsh.

"No, my client was not informed of the essential elements," replied Mr. Bailey.

He explained that Edward Warren was a collector of antiquities and art treasures, and did not know much about business.

"He was a graduate of Oxford, wasn't he?" asked Senator Walsh.

"Yes," replied Mr. Bailey.

Mr. Bailey contended that Warren should have been advised by Mr. Brandeis to engage other counsel to protect his interests, also that he should have been told of certain disputes that arose between him and his brother, and that he should have been told of the estate of his brother.

Impartial.

"How did Christmas go off at your place?"

"As usual, Christmas Eve we wrapped all the presents we gave, and Christmas Day we rapped all the presents we received,"—Life.

Trickery Evident.

"Pa," inquired a seven-year-old seker after the truth, "is it true that school teachers get paid?"

"Certainly it is," said the father.

"Well, then," said the youth indignantly, "that's not right. Why should the teachers get paid when we kids do all the work?"—Ladies Home Journal.

Funeral Rites Tomorrow For Retired Policeman Who Died Last Sunday

Funeral services for Enoch N. Burgess, for forty years connected with the Police Department, who died Sunday, will be held at the residence, 137 S. street southeast, will be held at the residence, tomorrow at 10 o'clock.

ALEXANDRIA, Feb. 15.—The fate of the proposed cadet corps of the Alexandria High School and the introduction of military training in that institution rests upon the parents of the pupils.

The school board has consented to the organization of the corps, the teachers of the high school favor the project, and the War Department has agreed to furnish the necessary equipment and an instructor.

The uniform selected by the high school authorities is a Confederate gray with black trimmings, to cost \$12.50, the cap \$1.50.

Gen. E. W. Nichol, superintendent of the Virginia Military Institute, will speak. He will commission an instructor, have the school corps regularly inspected, and offer exceptional opportunities to the graduates to enter the institution which he directs.

Lieut. E. Z. Steever, U. S. A., who has instituted military training in every high school in Wyoming, also will speak. Capt. Samuel Greenleaf, U. S. A., and E. Kramer, assistant superintendent of schools of the District of Columbia, will attend the meeting.

The city council will meet tonight, and it is expected that the fire committee will report on the cost of an automobile truck for the Relief Hook and Ladder Company.

Joseph Padgett, Jr., his daughter, Mrs. Charles W. Tucker, and her daughter, Mrs. Horace E. Wallack, and Misses Grace and Lorraine Tucker and Master Charles W. Tucker, Jr., have returned to Washington after a pleasant visit to friends in this city.

R. D. Wolf, who has been confined to his home at Braddock for illness for the past week, is reported convalescent.

Mrs. C. Phillip Brawner, aged thirty-one, wife of the cashier of the Southern railway, died at the home of her mother, 212 Duke street, early this morning.

Mrs. Lucy Jane Barron died early today at her home on Duke street.

Funeral services for John Richard Bolton, aged fifty-one, who died Sunday at the home of his daughter, Mrs. J. H. Bolton, on Del Ray, were held this afternoon.

Questions of taxation which are now pending before the State legislature occupied the attention of the members of the chamber of commerce last night. It was the consensus of opinion that if some of the bills are passed the merchants will be seriously affected. A delegation of members of the chamber went to Richmond this week to oppose their passage.

Miss Elton Virginia Bowling, daughter of James Bowling, and until recently superintendent of the Alexandria Hospital, and Earl W. Baum, of the firm of Baum & Baum, were married at 4:30 o'clock yesterday afternoon at Oakwood, the home of the Rev. Dr. H. H. Wallis, on Belmont street, by Dr. H. H. Wallis.

Only a few intimate friends were present. The bride was attended by Miss Bertha M. Stult, and the groom by Miss Lucy Leach. Mr. and Mrs. Baum left on the Norfolk boat for a wedding trip.

A meeting of the Alexandria branch of the Virginia War Relief Society will be held tomorrow morning at 10 o'clock in the rooms of the Chamber of Commerce.

HYATTSVILLE.

A delegation of citizens is today appearing before the school commissioners in support of a bill for a State appropriation of \$25,000 for a school building in Riverdale.

The Epworth League of the Memorial Methodist Church gave a Valentine social last night at the home of Mr. and Mrs. Homer S. Dell.

Ruth Chapter, No. 7, O. E. S., will give an oyster supper next Friday.

The young people of Hyattsville and Herwyn gave a Valentine dance last night.

ANACOSTIA.

The resignations of the following employees at the Government Hospital for the Insane have been accepted: Flora A. Armiger, Walter Notter, Henry L. Wilson, F. C. Higdon, Hester C. Allen, Ruth A. White, Lloyd Lacey, Berne E. W. Irvine, J. T. Grove, and O. P. Miller, attendants; Mrs. Bertie Reed, receiving service; Mrs. Lucy Johnson, nurse.

The following appointments have been made: Mary E. Miles, Olga Holmes, Ruth A. White, Lloyd Lacey, Berne E. W. Irvine, J. T. Grove, and O. P. Miller, attendants; Mrs. Bertie Reed, receiving service; Mrs. Lucy Johnson, nurse.

The snow is providing excellent coating on the slopes in this vicinity.

ALEXANDRIA RE- SCHOOL CADET CORPS

Parents to Decide If Students of High Shall Be Given Military Training.

ALEXANDRIA, Feb. 15.—The fate of the proposed cadet corps of the Alexandria High School and the introduction of military training in that institution rests upon the parents of the pupils.

The school board has consented to the organization of the corps, the teachers of the high school favor the project, and the War Department has agreed to furnish the necessary equipment and an instructor.

BARBETTED BY SCHOOL CADET CORPS

Dr. James Shera Montgomery, Solicitor Folk, and Con- gressman Moore to Speak.

Church and state mingled pleas for President Wilson's plan for the University Club at the Willard.

Before more than 50 members of the club the Rev. Dr. James Shera Montgomery, pastor of Metropolitan Memorial Church, taking "Americanism" as his topic, said:

"I know of no holier, no more sacred altar on which to offer my boy, my blood, my offspring, than upon the altar of my native country."

Solicitor Folk, of the Interstate Commerce Commission, said that as long as other countries are armed for defense, the United States must be adequately prepared against aggression.

Congressman Moore of Pennsylvania spoke for a more practical curriculum in the public schools. Congress should be constructed, he said with a view to fitting some to take places in the trenches, instead of causing all to aspire to the highest positions in rank.

Introducing John Temple Graves, toastmaster, read a letter from former President Taft, who served as first president of the club. Congressman Hefflin also spoke.

A musical program was contributed by George W. Parker, before introducing John Temple Graves, toastmaster, read a letter from former President Taft, who served as first president of the club. Congressman Hefflin also spoke.

All day yesterday the vessel resisted efforts to get her off the bank. Last night Commander Demt and the members of the Naval Militia, Saturday night, and was returning to the ship when she struck a mud bank Sunday.

The Sylvia is lying easily, well out of the main channel. It is expected there will be no difficulty in floating her at floodtide today.

Home Club Lecture.

Members of the Home Club were entertained last night by Samuel C. Lancaster, who gave an illustrated lecture on the Oregon and Columbia river highways. Mr. Lancaster gave an interesting description of the Rocky Mountains and exhibited a large number of colored lantern slides.

ROCKVILLE.

The Democratic and Republican county committees will submit to Governor Harrington lists from which the governor will select two Democrats and one Republican to constitute the board of supervisors of elections. Democratic candidates include Julian Griffith, William H. Wallis, Henry S. Day, and Joseph N. Darby, while the Republican aspirants include Thomas Vinson, Maurice M. Browning, Frederick W. Page, Clinton Browne, Wilbur S. Day, and William W. Dronenburg.

Judge Edward C. Peter has signed a decree granting to Towney C. Gray, of Washington, a divorce from Mrs. Annie Gray, on the ground of desertion. The couple were married on March 3, 1911, and lived together but one year. W. O. Spates, of Rockville, represented Mr. Gray.

The Janeta basketball team defeated a Rockville team by 20 to 14, in Seco Hall.

Raymond B. Linkins and Miss Edna Lillian Whipple, both of Washington, were married in Rockville on Sunday afternoon.

Several hundred farmers are expected to attend the forty-third annual convention at Sandy Spring next Tuesday. Mortimer O. Stabler, of Spencerville, will preside.

Dr. Bull's COUGH SYRUP

WET feet cause colds and coughs; sometimes, deep-seated coughs, trouble in raising mucus, labored breathing, hoarse voice and rattling or wheezing in the chest.

Take Dr. Bull's Cough Syrup for this threatening state of health. It's a speedy, efficacious, reliable remedy. A doctor's prescription. Price, 25c. FREE TEST Write A. C. Meyer & Co., Mention paper Bulb, Md.

EAT A SQUARE MEAL NOT FEAR INDIGESTION

There are hundreds of people in Washington who were not the least bit surprised when they read a while ago that druggists are now selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable dyspepsia remedy has proved it will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure. There is hardly a druggist but can tell you of many well-known people in this city who after they have tried many other methods of relief, have found that Mi-o-na really does cure a large percentage of cases as Mi-o-na is so large that dealers who have sold it for years stand ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds today praising Mi-o-na because it has done for them what it is advertised to do. A few months ago they could eat nothing without suffering, and the reason would be, since using Mi-o-na, they eat what they want and when they want with no fear of indigestion. It is a very pleasant form of a tablet, and is very pleasant to take. It is a permanent and permanent relief almost all forms of stomach misery and is the only one sold under a positive guarantee without any restriction, to refund the money if it does not relieve. You can get Mi-o-na on this basis from O'Donnell's Drug Store or any leading druggist in Washington.—Adv.

TIMES WANT ADS BRING RESULTS

PAISIS SOCIAL OPENS SPRING STYLES SHOWN AT OFFER- INGS—Vegetables Prominent Tendency.

Tall hats crowned with posies, flat sailors simply trimmed, sport hats in rainbow colors, garden party hats of gauze and ribbon with a hint of straw—such is the bird's-eye impression of spring millinery as featured in the Palais Royal opening yesterday and today.

Miss Mabel Dell, head of the millinery department, says that this season, as never before, flowers, fruits, and even vegetables are featured as trimmings.

"In addition to quantities of roses and other flowers, we are finding a demand for fruit and such vegetables as onions and tomatoes," she said. "Round straw hats are also extremely good this spring. The heavier weaves of ribbon are used—moire, grosgrain, and plaid edge. In tailored hats the crown may be entirely covered with ribbon loops or a parapet of folded ribbon may add height to the crown."

Sport Hats Prettier.

"One of our more expensive hats is an excellent illustration of this tendency to use elaborate flower trimmings. The entire crown is covered with roses of various kinds, in pink and American Beauty colorings, looking from the top like a huge bouquet. Violets and pansies are to be exceedingly popular, also."

"The sport hats are prettier this year than ever before. For one thing, there have been many more colors used for this kind of millinery. Among the newest are those with open-work mesh or lace at the crown, or of straw or straw and ribbon are almost invariably combined in hats of this sort."

"The lingerie and garden party hats are almost entirely covered with crepe, with maline as a possible second choice. A number of these hats have applied a flat crown, but the crepe and the summery touch is supplied by the flowers and dainty ribbons. However, one of our most charming models is a leghorn with the sole trimming a woven lattice work of picot edged mesh ribbon in pastel tints."

Rose Leading Color.

"There has been another determined effort to popularize white millinery for summer wear, and a number of our hats have been designed to meet this possible demand."

"These are usually of dull white crepe, with the simplest of trimmings, usually applied in flat, the crown being brim. The majority are in the sailor shape, which looks well with little or no trimming to the crown. However, the trend of spring fashions is a conservative way of color."

"Colors? Rose is leading all others in popularity just at present. For early spring wear purple was foremost, but when the weather becomes warmer it will be replaced by the crown of blue. Some people are proclaiming blue their favorite, but these are usually those to whom rose is unbecoming. However, I noticed a great deal of flame red in the shops, but few people in Washington seem to care for it."

Leather Hats An Early Fad.

"The leather hats will prove to be but an early spring fad, I think. They are entirely too warm-looking for the hot days that Washington endures in March."

"I should say that the average cost of the spring hats in our stock is from \$15 to \$25. Our most stylish models are copies of French creations and cost more by reason of their exclusiveness."

"In addition to the hats in our regular millinery parlors, however, the Palais Royal makes a specialty of ready-to-wear hats as \$5 and a well-

BIG EATERS GET KIDNEY TROUBLE SAYS AUTHORITY

Take a tablespoonful of Salts to flush Kidneys if Back hurts.

Omit all meat from diet if you feel Rheumatic or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the stimulative tissues clog, and the result is kidney trouble, bladder weakness, and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

To Make Your Hair Look Naturally Curly

If lady of the straight, lank hair will adopt the simple alimarine method, she will have as pretty wavy tresses as she could wish to own. The curls will look so natural, and the hair will be so beautifully soft and glossy. Quite different from the obviously artificial curls and the parched, dead appearance of the hair produced by the use of curling irons. Liquid alimarine can, of course, be obtained at any drug store and a few ounces will keep the hair in curl for many weeks. Being perfectly harmless and neither sticky nor greasy, no one need have the least hesitancy in using it. It is best applied to the hair when it is damp, drawing it through the hair from crown to tip just before retiring. The effect next morning will be all that any one could desire.—Adv.

QUICKLY STOPS HEAD COLDS AND SNUFFLES

Catastrophic Germ Case of Most Colds. New Germicidal Air Treatment. Best Remedy for These Common Ailments.

Reliable authorities say that upwards of 20 per cent of the so-called colds in the head and throat are in reality dangerous indications of the presence of acute catarrh. When you hear a person sneeze or cough it's almost certain they are throwing catarrh germs into the air for some other person to breathe. It is just as certain that the person breathing these germs will soon have catarrh or a cold. Catarrh germs are everywhere and drive out your catarrhal cold the very instant you feel a desire to sneeze or cough, or to blow your nose and wipe your nose every few minutes.

The quickest and surest way to stop a head cold and drive catarrh germs out of your system is to pour a few drops of the oil of Hyomeo (pronounced high-o-mee) into one of the nostrils. Hyomeo is a germicide, it comes with each large package and place the germicide in the nostril. Hyomeo kills the germicidal but pleasant smelling air into your nose, throat and lungs. This air utterly destroys the catarrh germs. Hyomeo opens the closed air passages, makes breathing easy, clears your stuffed up head, cleans out your throat and ends your cold. Hyomeo is a germicide, it kills the germicidal but pleasant smelling air into your nose, throat and lungs. This air utterly destroys the catarrh germs. Hyomeo opens the closed air passages, makes breathing easy, clears your stuffed up head, cleans out your throat and ends your cold.
